River stage at 7 a.m. (feet), 17.4.
Rise in twenty-four hours (feet), 2.7.

Weather Conditions.

A barometric depression extends from the coast of Texas northward across the country, with the greatest depression at Duluth. With the exception of a heavy rainfall—1.75 inches—at Vicksburg, the precipitation has been light to moderate and scattered. A high-pressure area is crested over the northern Pacific states, with lower temperatures over the Rocky mountain region. A secondary high-pressure area extends along the Atlantic coast. Much cloudy weather and higher temperatures prevail over the southern states. Conditions are favorable for showers and slightly cooler tonight; Wednesday fair, with slight change in temperature. temperature. Weather for Four States.

SURROUND BULLETIN BOARDS People in Italian War Zone Cheer

People in Italian War Zone Cheer Speakers.

Italian Headquarters, Oct. 22.—People living in the war zone were last night surrounding the bulletin beards, upon which was placarded the official statement that the Piave river had been crossed and that the battle was still going on. There were many impromptu addresses, which were enthusiastically cheered by the civilians. It is evident that, the offensive is popular, as it has been warmly desired for many months, especially by the thousands of refugees who were driven from their homes last fall by the advancing Austrians.

pleasure; be vigorous and full of am-

bition. But take no nasty, dangerous

calomel, because it makes you sick

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramp-

and you may lose a day's work.

BUYERS CANNOT STEM DOWNTURN IN CORN

Chicago, Oct. 29.—Corn was easier and lower at the opening of the trade today, with the war developments being the dominant factor in the decline. Commission houses generally favored the selling side, and buyers were not sufficiently in evidence to stem the downturn.

Outs followed corn, and were easier with light trading and longs seeking to unload.

Provisions opened close to yesterday's prices, with a medium trade,

Bearish Effect. Bearish Effect.

Chicago, Oct. 29.—Further bearish effects from Austria's piea to President Wilson developed today in the corn market, as the full text of the document was not at hand during yesterday's trading. Opening quotations, which ranged from is to isc lower, with November \$1,23g. \$1,234 and December \$1,19g1,194, were followed by additional declines and then something of a raily.

Unfavorable crop reports from Canada gave comparative firmness to oats. After opening unchanged to isc off the market sagged a little more, but then made a complete recovery.

omplete recovery.
In the absence of demand provisions

went lower.

The market was influenced more by

went lower.

The market was influenced more by yesterday's events than anything which occurred overnight.

There was pronounced seiling of Reading, that stock dropping a point to 89%. Steel common dropped 1½ points to 107.

The copper stocks were strong for the greater part of the forencon, but they also met a supply and lost most of their gains. Southern Pacific was exceptionally strong, moving up to 102%.

The market was unsettled in the afternoon, with frequent railies and recessions. Steel common showed the market trend declining to 107%, from which it moved up to 108½ and again reacted to 107%. Baldwin moved up a point from the low to 83½, and Bethlehem Steel showed about the same amount of upturn at 70½, but both of these stocks soon reacted.

TO AUSTRIAN NOTE

New York, Oct. 29.—Wall street was not disposed to attach the same credit to the Austrian note that was attached to the transmission of that document yesto the transmission of that occurrent year terday, and many who bought because of the announcement in regard to Austria's action in yesterday's late trading joined the selling side at the opening of the stock market today.

This caused generally lower prices, with the majority of stocks yielding from ½ to over a point, but there was no increased weakness after the first few minutes, and at the end of the first quarter of an hour a steady tone generally prevailed. Steel common yielded a point to 107½ and Bethlehem Steel "B" also sold off a point. Mexican Petroleum continued its record of violent fluctuations, dropping 6½ points to 170¾, with a raily to 173.

Southern Pacific sold down 1½ points to 101½, but recovered most of this loss in the next few minutes. Union Pacific sold down over a point to 132½, but quickly railled to 133½. General Motors was exceptionally strong, advancing 2 points to 131½.

Later the market showed increased Later the market showed increased Washington, Oct. 22.—Forecast:
Tennessee — Fair in west, probably showers in east portion tonight; warmer west portion; Wednesday fair.
Kentucky—Fair and slightly warmer tonight; Wednesday fair.
Alabama—Probably local rains tonight and Wednesday.

Georgia—Probably local rains tonight and Wednesday.

Georgia—Probably local rains tonight and Wednesday.

RENEWAL OF SELLING **MOVEMENT IN COTTON**

New York, Oct. 29.—There was a renewal of yesterday's selling movement at the opening of the cotton market today. It seemed to be the impression that the cold snap had passed in the southwest without any material damage, and this morning's map showing higher temperatures was considered favorable. There was scattered covering at the opening decline of 5@29 points, which caused slight rallies right after the call, but otherwise little or no support was in evidence and the market soon eased off again under Wall street, Liverpool and New Orleans selling. December declined to 29.34c and

STRONGLY DEFEND WILSON

Hitchcock Spokesman for Democrats in

Washington, Oct. 29.—Peace negotia-tions and President Wilson's statement asking his fellow-countrymen to return a democratic congress in the November elections were the vehicles of a partisan debate in the senate yesterday which continued throughout the session and blocked plans for adjustment of congress over the elections. Democratic senators vigorously de-

fended the president, with Senator Hitchcock, of Nebraska, chairman of the foreign relations committee, the chief spokesman. Answering the republican contentions that in his third principle against economic barriers, the president was attempting to inject free principle against economic parriers, the president was attempting to inject free trade into the peace treaty. Senator Hichcock read a letter from the president saying that his words left every nation free to decide its own internal economic policy, but that tariffs adopted should apply to all nations alike.

alike.
Senator Hitchcock said the republican leaders, for partisan political ends, are making a deliberate attempt to "distort and misrepresent" the third peace principle. He emphasized that the republican "free trade" attack had been withheld until the present political

campaign.
This drew from Senator Lodge, of This drew from Senator Lodge, of Massachusetts, the republican leader, the declaration that he had not indorsed all the president's fourteen principles and had especially opposed the term which, he said, proposed to guarantee sovereignty. Senator Penrose, of Pennsylvania, republican, said he believed the president proposed free trade but had withheld criticism until a more opportune time. nore opportune time.

EPIDEMIC ENDS

Surgeon-General Braisted Announces Naval Districts Clear of Disease. Naval Districts Clear of Disease.

Washington. Oct. 29.—Surgeon-General Braisted announced today that the influenza epidemic is over in ten naval districts and that it is on the wane in all other places except Paris Island, S. C., and Marc Island, Cal. Reports for the week ending Oct. 26 showed a decline in the number of new cases from 4.373 to 3.051 and that 207 deaths occurred, as compaed with 387 for the preceding week. It was announced today that vaccination sgainst pneumonia is available now for every officer, enlisted man and civilian employe of the army. The vaccine, which is said to have proved to prevent pneumonia following influenza, is being produced in sufficient quantity at the army medical school. Its extensive use is expected to materially lower the number of cases of pneumonia in the army this winter.

PRACTICAL RESULTS

Summary of Operations of Allies On Western Front for Past Month.

BL FLOYD MAC GRIFF:
LONDON OCT. 28—The allies have captured 126, 215 prisoners and 2,065 guns on the western battlefront so far this month, divided as follows:

British 51,300 prisoners, and 800 guns. French, 38,000 prisoners, and 200 guns. Americans. 24,145 prisoners, and 200 guns. Belgians, 12,200 prisoners, and 200 guns. The most important sector of the western front during the past week, was the district between the Scarpe and Olse rivers, where the allies are hammering the German centers. These blows are expected to force retirementa northward past the Escaut river towards the Dendre canal with the Germans falling back at the same time southward behind the Olse. The immediate task of the British is to outflank the region of the canal Du Conde as far as Mons. This would result in the retirements mantioned.

The Italian offensive in the Trentino,

mantioned.

The Italian offensive in the Trentino, where the left flank rests, should progress at least ten miles, making secure the flank which guards all the laterat lines of communication. This movement probably will be carried out before an attempt is made to drive the Germans from the Venetian plains.

The Austrian morale is known to be low and with a simultaneous blow on the front of the Danube river the allies should be able to free all Italian soil before there are any peace negotiations.

wan distance on the configuration of the coline in cover the cover the

WHEN EUROPE REBUILDS

The Money Cost and the Social Problem of Reconstruction.

N. Y. Evening Post.)

Zurich.—Not even rough estimates exist as to the probable costs of the reconstruction of the countries devastated by the German invasion. We can gather some idea as to the costs from the comparatively small destructions in Galicia. During the three Russian invasions into this country, 68,867 buildings were destroyed, among them practically no building in industrial centers and bigger towns. Most of them were buildings of pensants constructed of wood and clay. Nevertheless, the costs of timber necessary for the reconstruction alone will be 2½ milliard crowns (approximately \$500,000,000). In Austria, especially in Galicia, neither the money nor the labor exists for performing this work, so that it practically remains only in the sphere of empty speculations. As to the rebuilding of the western European battlefields, one forsees in the circles of the Swiss brick and cement industry a boom for the time after the war, as these building materials cannot be imported.

The things now occuring in Galicia and which were aiready made in eastern Prussia, prove that the rebuilding of devastated countries is a very complicated social process. The least neglect causes anarchistic chaos. It was a great mistake to allow the return of the evacuated Galician population, when the invasion of the Russians was over. The same mistake was made in the district of Goertz, when the Italians retired. This mistake nad the effect of a complete demoralization and an economic chaos of the returned population. This population is an obstacle to the systematic rebuilding of the devastated territories.

Mrs. F. L. Matthews.

The body of Mrs. F. L. Matthews, who died Monday afternoon at i in a local hospital, was prepared for burnal by Wann's, and will be sent Tuesday afternoon to Duniap, her home, for interment.

PATRIOTISM PAYS

Sioux Falls, S. D., Oct. 29.-Patriotid women, who have come to the aid of the farmers confronted with a short-age in corn huskers, are finding that patriotism pays in collars and cents. The women who have gone into the fields of this neighborhood find no trouble in earning from \$5 to \$6 a day, the rate being nine cents a bushel.

CITY IN UTTER DARKNESS

Huntsville Ala., October 29.—
(Special)—On Sunday night, the city of Huntsville was in utter darkness. First the gas plant had a serious mishap and has been out of operation for several weeks, but this case is thoroughly understood—but to cap the climax the Alabama Power Company, which has been wigwagging along for months with an inferior service, giving first one excuse and then another went dead on the town, and the only lights available were candles, and a few families were fortunate enough to have a few old lamps stored away, which were brought into use.

Huntsville seems to have fared worse than any of the operations of the Alabama Power Company. We hope the Birmingham headquarters will take this matter up at once, for Huntsville deserves better treatment.

I DRUGGISTS! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January - Last Week's Orders Called For One and Three-Quarters Million Jars - Today's Orders Alone Amount to 932,459 Jars.

Big shipments are en route to jobbers. Until these arrive, there may be a temporary shortage. All deals postponed. Buy in small lots only.

2nd—Order from us in as small quantities as possible. If you are out we will try to ship a limited amount by Parcel, Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

RETAILERS CAN GET IMME-DIATE SHIPMENTS DIRECT BY PARCEL POST.

This advertisement is written on Monday. October 21st. It is directed to the attention of all distributors of Vick's VapoRub, both wholesale and retail. In an emergency such as the present epidemic our duty—and your duty—is to distribute VapoRub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your attention to the following:

On October 1st we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient Vapo-Rub to ast us, we thought, until January 1st, allowing for a 50 per cent. Increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

THE PROBLEM NOW IS TO DISTRI BUTE VAPO-RUB QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the Influenca districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

House of

Taylor

600 Rooms

400 Baths

one shipment.
4th—We are now out of the 60c size and will be for the next 10 days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO.

DRUGGIST TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobber's salesmen or given to our salesmen, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's VapoRub, we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship thru your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH COR-

Our force has already been "shot to pleces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called in to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history, the symptoms, the treatment, and particularly the use of Vick's VapoRub as an external application to supplement the physician's treatment. the physician's treatment.

NEW WAYS TO USE VAPO-RUB. In addition to the usual method of usir VapoRub—that is, applied over the thro and chest and covered with hot flam we are manufacturing daily, together with that how on the jobbers' and retailers' shelves, in order that it may get to the Influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while befere that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

Last Saturday we notified all of our jobbers, by Special Delivery, as follows: 1st—Deals and quantity shipments of all kinds are canceled. Fill no quantity orders of any kind, whether taken by our salesmen or by your own men. Sell in small lots only.

A Cold Lowers Your Vitality and Makes You! More Susceptible to Disease-Lung-Vita Will Break Them.

It is especially important that you tion caused by the cold-germs. Your keep yourself free from coughs and system will be made normal, thus encolds at this fime. Either a cold or attacks of serious diseases. cough lowers the resisting powers of

cough lowers the resisting powers of your body and makes it much easier for you to take influenza or pneumonia. Many a death has been caused by neglect given a "common cold."

And Lung-Vita is a harmless medicine, safe for all to take. It is made from barks, tops, leaves and oils of known medicinal value. Contains no harmful drugs or narcotics. Get a bot-

At the first sign of a cold begin taking Lung-Vita. This reliable remedy will scatter the congestion, free your lungs and bronchial tubes of phlem and Nashville Medicine Co., Nashville, its healing oils will soothe the irrita- Tenn.-(Adv.)

"I suppose not many fortunate by-products can come out of a war, but if this country can learn something about saving out of the war it will be worth the cost of the war; I mean the literal cost in money and resources. I suppose we have several times over wasted more than we are now about to spend. We have not known that there was any limit to our resources." Extract from an address delivered by President Wilson to the State Directors of War Savings, at the White House, November 6, 1917.

More than 25,000 people in Hamilton County have subscribed to the Fourth Liberty Loan, and we should now begin our preparation for the Fifth Liberty

We can suggest no better method of accumulating for the next Loan than to take advantage of our Savings Department.
